DEDICATION

MANUEL C. DIAZ, in appreciation for your commendable services to the mathematics and science departments of Chandler High School and your helpful guidance and counsel to those who seek it, we proudly dedicate this the 1960 El Lobo to you.

ADMINISTRATION AND FACULTY

As we leave the Fabulous Fifties behind us and rush headlong into the Unknown Sixties, I would admonish the students of Chandler High School to have faith in themselves, faith in their future, and faith in their God. For I believe you students have the basic qualities which will respond to the present urgency for increase in both excellence and quantity of learning. If the future requires greater competence of the adult, as I believe it will, our faith is firm that today's children have the capacity and the willingness to achieve this added skill and knowledge. A climate for learning, a vision for personal growth, a personal responsibility for our country and a respect for education can and must be engendered.

W. G. Austin
Superintendent

"LIFE demands a great deal of sameness of all those who participate in living. But human differences are as precious as human conformity. Personality is the highest attribute of human life, and personality depends in major part on differences. But personality goes deeper than merely an outward show of differences. It is the mysterious spirit which can transform the tedium of sameness into inspired differences." from Peabody Journal of Education

Congratulations to seniors and best wishes to all.

Sincerely,

H. L. White
Principal

Left to right: Dr. Clifford J. Goodman; Mr. Hugh J. Arnold, President; Mr. Jackson Bogle; Mr. J. E. Patterson, Clerk; Mr. W. G. Austin, Superintendent; Mr. William E. Wilson.

Our School Board is the organization that keeps our school running on a sound basis. They co-operate with government officials which makes all the addition possible. We are sure our newly elected School Board will prove to operate a better school year after year.

Some to college... some to work

We hope you will find a way to college, for your life will be fuller and richer if you do. For those of you who must enter the business world now, let us recommend that you open a savings account immediately — however small — at the Valley Bank. As you progress in your business life, you'll need bank credit. And when a banker makes his first loan to young people, he is guided mainly by the banking record they have established in the past.

Dear Jane:

I got it done, but not good. I was going to write some where else but I took one look at this page, so I wrote here. But I know it will take more than this page, so I will. I hope you have fun at the all night dance, if I can come I will, also I will call you and tell you if I am. O.K. after he calls, that is.

Cont. next page.

Jane,
it has been nice knowing you this year. You are a very sweet girl and I want to wish you the best of luck in the future.

your friend,
Linda Presley

Jane?
Its really been wonderful knowing you this year. Maybe Barbara, you and I will have gym together next year I hope! Since we know you we've thought you were a really sweet girl & hope to get to know you better next year. Have fun this summer

Love,

Jane:
It has really been a pleasure knowing you in my class. Yours truly I taught a lot of fun to our P.E. period. I wish you much luck in your life. Be happy always. Whatever you choose to do in life.

Love,
Penny

Dear Jane,
I'm sorry I haven't written you sooner but I've been very busy. I've been busy with my boyfriend and my family. I've been busy with my boyfriend and my family. I've been busy with my boyfriend and my family

I don't know if you want me to write here, but I am going to do it. I read what Lowell wrote, in fact I read them all. People do have nice thing to say about you, don't they. I don't know what I would have done if you hadn't been here to tell me not to act as I have been doing, thanks. what people say about you is right, you are wonderful and sweet and you brought a lot of fun though I all most made a mess of things. If he and I take the, you know what, you will be the first or 2. person to know, O.K. I am sorry about what I did to your book, but I could have been help but I couldn't do a thing to help, right. The teacher in this class can get fat that's nice. now I don't know what to write so I will stop.
